# Past Successes

**1988** Several local organisations joined forces and mounted the first Hastings Environment Week programme, part of a national initiative by the Civic Trust.

**1989** Nineteen local organisations took part in an expanded Hastings Environment Week programme which included over 30 events all over the town.

**1990** Over 60 organisations contributed to Hastings Environment Week which included a major 3 day exhibition and a national ideas competition for Hastings Pier attracting over 100 entries.

**HASTINGS  
2000**

# Future Plans

**1991** Building on a successful foundation the theme for Hastings Environment Week 1991 is 'The Future Generation'. Let us know what *you* want to do during the week as soon as possible so that it can be included in the publicity material.

**1992** To mark the Year of the Single European Market, an international festival is being planned on the theme of the Green Town.

**Working  
for a  
Greener  
Hastings**

The Hastings Environment Forum was set up in May 1989 "to co-ordinate and promote the activities of organisations in the Hastings Area concerned with the environment". Its main task is organising the annual spring Environment Week celebration.
