## Community Enablers...

- Builds confidence, aspiration and stronger communities, helps local people, organisations and employers to work better together.
- Offers opportunities for volunteering, learning & work placements, business & enterprise development, community and other social, economic, cultural and environmental activities.
- Helps local people become more confident, job-ready and employable if looking for work.

What clients say      *I feel anything is possible*  
*Brilliant and so friendly*

*Helped me to connect with other people*  
*Opened my eyes to the local arts community*

*Helped me to get to College*  
*Great help with my CV*

*Led to my becoming employed  
in community based work*

And we are open to new ideas on how we can help you and your community. See over for contact details.
